

Hesperia Unified School District

Hesperia Unified School District (HUSD) offers Career Technical Education to both students and adults. We are preparing our students for high skill, high wage and high demand careers by offering cutting edge, rigorous and relevant CTE programs at school sites throughout the district.

Hesperia is committed to providing opportunities for career training, industry recognized certification, support services, workforce readiness, job shadowing, internships, externships, and employment referrals for students who are preparing for entry level employment, post-secondary education and/or advanced training. We take pride in our classrooms and labs by utilizing industry standard equipment to provide real world, hands on skill based learning opportunities. Our students visit local industry partners to experience and explore the many career options available in the area.

Hesperia students can participate in Career Technical Student Organizations such as SkillsUSA, FCCLA and HOSA where they can participate in and receive medals in region, state, and nationwide competitions. Specialized programs such as Robotics, Design Engineering Manufacturing Academy, Cisco

Networking Academy and SPAN Medical Academy compliment many of our pathways. CTE related clubs and organizations support leadership development. College and Career Readiness starts here!

Come join us as we “Prepare Today’s Students for Tomorrow’s World.”

HIGHLIGHTS

Student internships, externships and job shadowing opportunities are available with clear Experiential Learning Program, Work-Ability, Workforce Innovation and Opportunity Act, Work Experience and with CTE program affiliated sites.

All CTE students have access to Career Technical Student Organizations such as SkillsUSA, FCCLA, HOSA or alternative opportunities within student run school based enterprises.

Preparation for an industry specific certification is offered in all pathways. Examples include Precision Exams, Cisco Networking, Red Hat, CompTia, Adobe, Microsoft, Keyboarding, TestOut, ASE, NATEF, NFHS, State Board of Cosmetology, Dental Board of California, Food Handlers, First Aid, CPR and Soft Skills certifications. Hesperia operates a PearsonVue test center to administer additional industry testing.
